

Privacy Policy

United Managers Japan Inc.

Our company is required to handle personal information in an appropriate way. The following are our established policies that all employees are required to adhere to. We will continuously strive to update and publicly disclose our policies.

1. Adherence to the laws and ordinances related Personal Information

In order to aim for the appropriate care and use of Personal Information, our Company's business operations will adhere to the relevant laws and ordinances as well as comply with industry standards.

2. Restrictions over the use of Personal Information

Our Company's handling of Private Information is based on the idea with the exception of those parties with a need to use the Personal Information, others will not use it.

3. Management of Personal Information

Our Company's retention of Private Information is such that we are committed to maintaining the latest, most accurate personal information. Also, we have taken steps to put in-place appropriate controls needed to safeguard against the unauthorized access to, destruction of, falsification of and/or disclosure of Personal Information.

4. Replies to Customer Inquiries

Our Company will swiftly and appropriately reply to all customers inquiries related to our handling of Private Information.

5. Providing Personal Information to 3rd Parties

Our Company will not share Personal Information with 3rd Parties unless the client has consented to it ahead of time. However, in the case of a court order or other regulatory or legal reasons we will disclose Personal Information.

6. On-Going Review in relation to our Privacy Policy

Our Company in relation to the Privacy Policy and in-line with our continuous Compliance Program review will strive to improve our policy by carrying out reviews of our policies on a regular basis, and along with that announcing any changes that we make to the policy.
